Brief Notes on the necessity for employment of Masons and coolies, male and female, for attending to repairs of drains, etc , submitted by the Health Officer, Bangalore City, on 24th August 1944, to the Municipal Commissioner, Bangalore City

Several miles length of drain has been laid in various - parts of the City to carry sullage and sewage Some are slab drains and some are sylk pattern drains Most of these drains are in utter disrepair with the result the sewage is found stagnating in several places In the case of some of the slab drains the levels do not seem to be alright, due to sagging of the slabs resulting in stagnation of sewage

If the sewage is to flow properly in these drains the repairs of these drains have to be attended to It may not be possible to prepare an estimate for the petty repairs of all these drains and work executed It is therefore desirable for the Municipality to maintain a few masons with necessary labour and get the drains repaired and the required quantity of cement, sand, jelly and other things being supplied by the Municipality The establishment may be entertained in the first instance for a period of one year and if it is found useful and turning out good work, it may be made permanent later

If approved, necessary provision will be made for the entertainment of the following staff -

Particulars	Expenditure per month	Expenditure per year
2 Masons on Rs 30/- each	Rs 60/-	
2 Male coolies on Rs 20/- each	Rs 40/-	
2 Female coolies on Rs 15/- '	Rs 30/-	Rs
Total per year	130 x 12	= 1,560/-
Lumpsum provision for purchase of cement, sand, jelly, etc ,		5,000/-
Total expenditure		6,560/-
